

Kevin Nathaniel Arsenal

WEB DEVELOPER

PROFESSIONAL SUMMARY

A Web Developer with a background in Electronics Engineering, I bring a unique blend of skills and experience to the table. With over two years of hands-on experience primarily as a Front-end Developer, I have honed my ability to deliver high-quality solutions in fast-paced environments.

WORK EXPERIENCE

FRONT-END DEVELOPER – FUNCTIONEIGHT (REMOTE)

September 2024 – Present

- Implemented Frontend related updates on various clients and company websites
- Gained hands-on experience with different Wordpress page builders like Elementor, Avada, WPBakery Page Builder, and Divi
- Revamped a company website which was built using Vue.js and Laravel
- Tasked with the development of new Wordpress websites
- Tasked with bug fixing, revamps, content updates, and maintenance of numerous Wordpress websites

FRONT-END DEVELOPER – GLOBMObI (REMOTE)

June 2023 – September 2024

- Transformed canva design mockups into visually appealing Rich Media Creatives (HTML, CSS, Javascript, jQuery)
- Applied additional features and revisions to existing company websites (Laravel, PHP, Bootstrap, Wordpress, Elementor)
- Refactored existing company template for creating Rich Media Creatives, resulting in a much cleaner code and faster development time
- Translated detailed Figma designs into a fully functioning Wordpress website using Elementor
- Assigned with SEO related tasks, increasing company visibility from search engines

JUNIOR DEVELOPER – MOONE (HYBRID/DAVAO CITY)

June 2023 – November 2023

- Translated figma design mockups into an interactive web application using Next.js
- Created modular and reusable React components in Next.js, promoting code reusability and maintainability across the application
- Participated in Agile software development process and weekly meetings
